

DROPS

**Drop Components**

**Galvanized Loops**

– Schedule 40 –

NI Part #	Description
76502	3/4" M x 3/4" M Galvanized Loop
76501-1	3/4" M x 3/4" FM Galvanized Loop
76501-B	3/4" M x Hose Barb Galvanized Loop
76505	3/4" M x Hose Barb 12" Furrow Arm Galvanized Loop
76510	3/4" M x Hose Barb 20" Furrow Arm Galvanized Loop
42530	3/4" Coupler, Galvanized

- Constructed of Schedule 40 galvanized pipe for added strength and corrosion resistance.
- May be fitted with either 3/4" male NPT x 3/4" female NPT or 3/4" male NPT on both ends.

**PVC Loops**

– Schedule 80 –

NI Part #	Description
76504M	3/4" M x 3/4" M PVC Loop
76504	3/4" M x 3/4" FM PVC Loop
76504B	3/4" M x Hose Barb PVC Loop

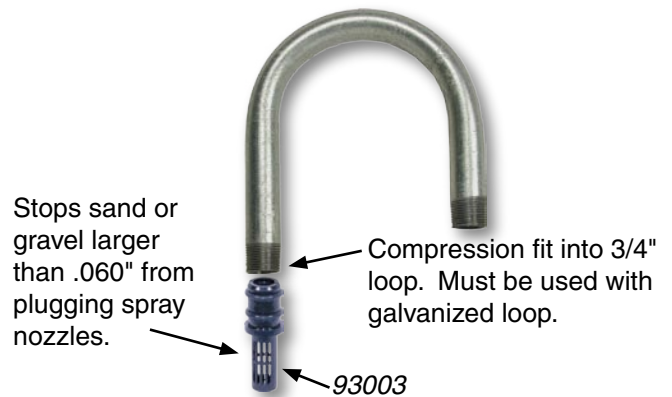

**Strainers / Filters**

NI Part#	Description
93003	Strainer, Lateral Line
52024	Filter, Aqua Drop, M x F
52024-2	Filter, Aqua Drop, F x M

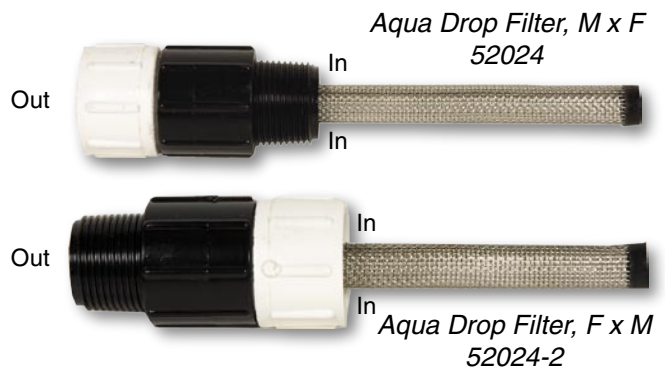

**Plastic Strainers**

Prevents plugging while allowing fine sand and silt to pass through drop system.

**Aqua Drop Filters**

- Stops the plugging of small nozzle sizes.
- 15 mesh screen – 1/64th inch smaller than smallest nozzle available.
- 5-inch screen increases surface area to reduce cleaning frequency.
- Stainless steel screen for long life and rugged use.
- Comes in three connection configurations: M x F, F x M, F x F
- Easy to clean – Just unscrew and flush.
- Positive seal – gasket is molded into screen and sealed between fittings.
